FROM THE COMMISSIONER

I urge you to join the 1.5 million Georgians who have made the switch from paper to electronic filing of their state individual income tax returns. For tax year 2001, Georgia once again led the nation in the federal-state electronic filing program. The reason is simple — electronic filing is convenient, accurate, secure and refunds are delivered within 21 days or less. For more information about electronic filing, please refer to page 3 of this booklet.

State tax law changes effective for the 2002 tax year provide important new tax benefits. One such benefit is Georgia's Higher Education Savings Plan, frequently referred to as a Section 529 Plan. This plan provides an easy method of saving for post-secondary education and allows considerable tax savings. Georgia has also adopted the provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001 which was enacted by Congress last year. Please review the "New Developments" material on page 2.

You may also visit the Department's web site, **www.gatax.org**, for up-to-date tax information and tax form downloads. Forms are also available by fax-on-demand at 404-417-6011. If you need additional assistance, please contact one of our regional offices listed on page 23.

Our commitment is simple — to serve all taxpayers in a prompt, honest and professional manner and to effectively and fairly administer Georgia's tax laws. We also continue to look for opportunities to improve the way the Department serves the taxpayers of Georgia. We welcome your comments and suggestions on how to more effectively accomplish our mission.

T. Jerry Jackson
Commissioner

NEW DEVELOPMENTS FOR TAX YEAR 2002

Economic Growth and Tax Relief Reconciliation Act of 2001

Georgia has adopted the provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001 which was enacted by the Federal government during the summer of 2001. Accordingly, the increased IRA and 401(K) amounts are also allowed for Georgia purposes.

Job Creation and Worker Assistance Act of 2002 Georgia has not adopted this act. Accordingly, adjustments must be made to the Georgia return for any of the items included in this act. The major provisions in this act include changes to the net operating loss carry-back period, 30% bonus depreciation in the first year for certain types of property, and a \$250 deduction for educators. See Page 8 for additional information.

Federal Schedules Effective tax year 2002, if you use itemized deductions on your Federal Form 1040, you must enclose a copy of Federal Schedule A with your Georgia return.

Retirement Income Exclusion The retirement income exclusion has increased to \$14,500, effective January 1, 2002.

Use Tax Reporting Form The Use Tax form and instructions can be found on Page 8.

Georgia Higher Education Savings Plan This type of plan is more commonly referred to as a Section 529 plan since it meets the requirements of Section 529 of the Internal Revenue Code of 1986. The purpose of the plan is to provide a tax advantaged method of saving for postsecondary education. For Georgia income tax purposes the plan allows a deduction of up to \$2,000 in contributions and a tax exclusion for earnings when they are withdrawn in certain circumstances. The major provisions are as follows:

- 1. General contribution provisions.** Contributions can be made until the total balance for all accounts for a beneficiary reaches \$235,000.
- 2. Provisions related to the deduction of contributions.** For taxable years beginning on or after January 1, 2002, up to \$2,000 of the contribution can be deducted on a Georgia return by parents or guardians of a designated beneficiary who is claimed as a dependent on their Georgia tax return if the parents or guardians itemize their deductions. The parent or guardian must be the account owner. The deduction decreases \$400 for each \$1,000 of Federal Adjusted Gross Income over \$100,000 for a joint return, or \$50,000 for a separate or single return. Contributions made on or before April 15, 2003 may be treated as being made for tax year 2002.
- 3. Provisions related to the exclusion of earnings from income.**
 - a. The earnings portion of withdrawals used solely for qualified higher education expenses and withdrawals that are not subject to Federal income tax (see one year exception below in item b.) are not subject to state income tax.
 - b. For the earnings portion of other withdrawals, the proportion of earnings in the account balance at the time of the withdrawal is applied to the total funds withdrawn to determine the earnings portion to be included in the account owner's taxable net income. This also applies to a withdrawal made within one year of the establishment of the account that is used for qualified higher education purposes and is not subject to Federal income tax.
 - c. For withdrawals other than those for qualified higher education expenses, the proportion of the contributions in an account balance which previously have been used to reduce taxable net income is applied to the nonearnings portion of the total funds withdrawn to determine the amount to be included in the account owner's taxable net income.

The plan is administered by the Georgia Higher Education Savings Plan. Additional information about the plan can be found at www.gacollegesavings.com or by calling 877-424-4377.

TO OBTAIN MORE INFORMATION ABOUT THESE DEVELOPMENTS, CONTACT TAXPAYER ASSISTANCE AT ANY OFFICE LISTED ON PAGE 23.

NEW DEVELOPMENTS FOR TAX YEAR 2003

Two changes have been enacted to provide future benefits to Georgia taxpayers. These changes become effective for tax years beginning on or after January 1, 2003 (returns filed in calendar year 2004). See Page 11 for the new dependent exemption amount and Page 14 for the new retirement income exclusion amount.

REMINDERS

Deceased Taxpayers. If a person received income in 2002 but died before filing a return, the Georgia income tax return should be filed by the surviving spouse, executor or administrator. Use the same filing status that was used on the final Federal income tax return. The due date for filing is the same as for Federal purposes. Mark the box in the signature area on Page 2 of Forms 500 and 500EZ, and write the deceased person's name and date of death in the spouse's signature area. In the area where you sign the return, write "Filing as surviving spouse", if appropriate. An executor or administrator must sign in his or her official capacity.

Due Dates. Calendar year taxpayers for 2002 are required to file on or before April 15, 2003. All other taxpayers must file on or before the 15th day of the fourth month after the close of their taxable year.

Federal Audit. Whenever a Federal audit or other Federal adjustment results in a change in your net income, you are required to furnish a copy of the results to the Georgia Income Tax Division. See Page 5 for details.

Federal Return. If the amount on Line 8 is \$40,000 or more, or your adjusted gross income is less than the total of your W-2 earnings, you are required to enclose a copy of your Federal Form 1040 or 1040A, Pages 1 and 2. Also, regardless of income, if you use itemized deductions on your Federal Form 1040, you must enclose a copy of Federal Schedule A with your Georgia tax return.

Installment Payment Agreement (IPA). If you cannot pay the full amount due as shown on your return, you can request a monthly installment agreement. Please see Page 7 for additional information and Page 22 for the IPA Form. If you receive an installment plan, you are still required to file your return by the due date.

Payments or correspondence. Include your social security number and the tax year on any correspondence or payments made to the Georgia Income Tax Division.

Refund Inquiries. The earlier you file your tax return, the quicker you will receive your refund. Before you inquire, please allow:

- 6 to 8 weeks for returns filed prior to April 1st.
- 8 to 10 weeks for returns filed from April 1st through April 10th.
- 12 weeks for returns filed after April 10th.

See Page 23 for telephone numbers.

PREPARING YOUR RETURN

It is important that all information reported on your tax return is correct and readable. Follow the instructions in this booklet when preparing your return. Do not use last year's return as a guide for completing this year's return. If you need help with the instructions, call Taxpayer Assistance (phone numbers are listed on Page 23). Incorrect or omitted social security number(s) and name(s) will delay the processing of your return. Verify that your name(s) and social security number(s) are correct on your return. Sign the return and enclose W-2 forms. Be sure to use the appropriate mailing address for refund and payment due returns.

PLEASE NOTE: Forms are designed for imaging. Whether you type or write the information, use black ink.

Be sure to stay within the squares and be sure that all information is readable. **Do not use an extra fine point pen or red ink.**

SENDING YOUR RETURN BY CERTIFIED MAIL COULD DELAY THE PROCESSING OF YOUR REFUND.

TAX TIPS

1. If you or your spouse are at least 62 years of age or totally and permanently disabled, see Page 6 of the instructions for the retirement income exclusion.
2. All claims for the low income tax credit for the 2002 tax year, including any amended claims, must be filed on or before December 31, 2003.
3. Do not use Form 500X as an original return. Form 500X is used to amend a previously filed tax return.
4. You are not required to submit 1099 form(s) with your Georgia income tax return unless Georgia income tax was withheld.
5. Nonresidents who receive income from Georgia sources may prorate Georgia income to exclude temporary assignments to duty stations outside Georgia. The formula to prorate Georgia income must take into consideration the following guidelines:
 - a. Georgia regulations require that Georgia income must be calculated to reflect the total number of actual working days inside Georgia compared to the total number of actual working days employed both inside and outside Georgia.
 - b. All time excluded must be actual time worked outside Georgia.
 - c. Taxpayers may be required to provide documentation from employers verifying all time worked outside Georgia on temporary assignments.
6. Individual Retirement Accounts. The provisions concerning the taxability and conversion from a traditional IRA to a Roth IRA are the same for Georgia as they are for the Internal Revenue Service.

TELEFILE

Individual taxpayers who have received the Federal TeleFile tax package are eligible to participate in the Joint Federal/State TeleFile Program to file their Georgia income tax return.

You qualify to file your Georgia return with TeleFile only if:

- You are eligible and plan to file your Federal return by TeleFile.
- You received the IRS TeleFile tax package and the Georgia TeleFile tax package. You cannot file the Georgia return by TeleFile if you do not receive the IRS TeleFile package.
- You were a Georgia resident for the entire year of 2002.
- Georgia was the only state that withheld state income taxes on your W-2s.
- Your filing status is single or married filing joint and you do not claim any exemptions other than yourself or yourself and your spouse.

ELECTRONIC FILING

GET YOUR REFUND WITHIN 21 DAYS OR LESS

The Department will accept electronic transmission of returns through the Federal/State Electronic Filing Program for any residency status, as well as for refund and balance due returns.

If you file electronically, do not submit a paper return. If additional tax is due, please remit payment with Form IT-525TV, only. We do not accept electronic or credit card payments.

There are two ways to file your returns electronically with Georgia. Using either method, you must transmit both your Federal and State returns at the same time.

1. You can have your taxes prepared by a professional who is a registered electronic returns originator (ERO) with the IRS.
2. If you are interested in filing "on-line" from your PC, please refer to our web page at www.gatex.org for filing instructions and the web addresses of approved companies who offer on-line filing.

For either option, you must transmit both your Federal and State returns at the same time. The benefits are:

- You may choose to receive your refund by direct deposit to a designated account.
- You will receive your refund faster.
- Refunds filed electronically are typically issued within 21 days or less.

NOTE: When filing electronically, your personal copy will look different from the booklet version of the form.

TAX SOFTWARE PACKAGE FORMS

If you use a software package to complete your return, your return will look different from the booklet form.

NOTE: If you file a return with a two-dimensional barcode, the mailing address is different from that of the return contained in this publication. Two-dimensional barcode returns are strongly encouraged because they are processed faster than regular returns, especially when mailed to the correct address. Failure to mail your return to the correct address will result in processing delays.

RESIDENTS You are required to file a Georgia income tax return if any of the following apply: (a) You are required to file a Federal income tax return; (b) You have income subject to Georgia income tax but not subject to Federal income tax; (c) Your income exceeds the standard deduction and personal exemption(s). These requirements apply as long as your legal residence is in Georgia even if you are temporarily absent from the State or live outside the State temporarily. **A full-year resident of Georgia is taxed on all income regardless of the source and regardless of where derived. A Georgia resident is allowed a credit for taxes paid to a nonresident state. See worksheet for other state(s) tax credit on Page 10.**

PART-YEAR RESIDENTS If you are a legal resident of Georgia for only a portion of the tax year and are required to file a federal income tax return, you are required to file a Georgia income tax return on Georgia Form 500. You must complete Page 4, Schedule 3 to determine your Georgia taxable income. A full explanation of how to compute the tax for part-year residents is provided on Page 9.

NONRESIDENTS If you are a nonresident who works in Georgia or who receives income from Georgia sources and are required to file a Federal income tax return, you are required to file a Georgia income tax return on Georgia Form 500. You must complete Page 4, Schedule 3 to determine your Georgia taxable income. If you are a legal resident of another state, you are not required to file a Georgia income tax return if your only activity for financial gain or profit in Georgia consists of performing services in Georgia for an employer where the remuneration for services performed does not exceed five percent of the income received in all places during the taxable year. A full explanation of how to compute the tax for nonresidents is provided on Page 9.

DUE DATES Calendar year taxpayers for 2002 are required to file on or before April 15, 2003. All other taxpayers must file on or before the 15th day of the fourth month following the close of their taxable year.

MILITARY PERSONNEL

RESIDENTS Military personnel whose home of record is Georgia or who otherwise are residents of Georgia are subject to Georgia income tax upon all income regardless of the source or where earned, unless specifically exempt by Georgia law. The time for filing tax returns and payment of tax by members of the armed services of the United States returning from service outside the continental United States is extended without application to any time within a period of six months immediately following the return of the military person to the continental United States. No penalties or interest will accrue during this period.

NONRESIDENTS Nonresident military personnel whose home of record is not Georgia and who are not otherwise a resident of Georgia are not required to file a Georgia income tax return unless they have earned income from Georgia sources other than military pay. If they have earned Georgia income from other sources, they are required to file Georgia Form 500, completing Page 4, Schedule 3. Married nonresidents with income earned in Georgia whose spouse is a nonresident with no Georgia source income may file either a separate return claiming themselves only, or a joint return claiming total personal exemption and credit for dependents, prorated per Schedule 3. Schedule 3 must be completed for computation of Georgia taxable income. (See instructions for part-year and nonresidents on Page 9.)

NOTICE: If one spouse is a Georgia resident and one is a nonresident or part-year resident, enter 3 in the residency code box on Form 500, Page 1, Line 4, and complete Page 4, Schedule 3.

AMENDED RETURNS

Do not use Form 500 to amend or correct your return; use Form 500X. Form 500X cannot be used as an original return. It is used to correct a return which has already been filed. This form is available at any of the Regional Offices listed on Page 23. It can also be ordered by calling (404) 417-6011, or downloaded from our website at www.gatex.org.

CLAIMS FOR REFUND

A claim for a refund of tax must be made within three years from the date the tax was paid. Taxes paid by either withholding or estimated tax are treated as having been paid on the regular due date of the return. An extension of time to file the return does not extend the deadline for filing a state claim for refund. For example, if payments were made with respect to the 1999 tax year on or before the April 17, 2000 due date for the 1999 tax year, the taxpayer must file a claim for refund by April 17, 2003. An extension of time to file the 1999 return does not change the April 17, 2003 deadline for claiming a state tax refund.

DELINQUENT RETURNS

An individual income tax return must be filed within three years from the date the tax was withheld or paid in order to receive a refund for any overpayment of tax. Taxes which have been paid by either withholding or estimated tax are treated as having been paid on the regular due date of the individual income tax return. **Returns filed after three years from the date the tax was paid are barred from refund by the statute of limitations. No exceptions are provided in the Georgia Code.**

ADDRESS CHANGES

Please call Centralized Taxpayer Registration at (404) 417-4490 to submit an address change. Also indicate the new address on your tax return.

GENERAL INFORMATION FOR FORM 500 (continued)

FEDERAL AUDIT

Whenever a Federal audit or other Federal adjustment results in a change in net income for any year, you are required to furnish under separate cover, within 180 days, a schedule reflecting all changes to the Income Tax Division, Department of Revenue, P.O. Box 740385, Atlanta, Georgia 30374-0385. **If you do not submit a return reflecting all changes and the Commissioner receives the report from the United States Government, the Commissioner will issue an assessment for tax due within five years from the date the report is received from the United States Government.** A taxpayer who fails to notify the Commissioner within 180 days forfeits any Georgia refund as a result of the audit if the normal statute of limitations has passed. However, for tax years beginning on or after January 1, 1987, 90% of any overpayment can be applied to a balance due for another year that is a result of the same IRS audit.

INCOME FROM S CORPORATIONS

Georgia automatically recognizes an election granted by the Internal Revenue Service for S Corporations when the election is based on the Internal Revenue Code of 1986. All nonresident shareholders must pay Georgia income tax on their portion of Georgia corporate income or the election will be terminated by the Commissioner. Resident shareholders shall report their total S Corporation income. All distributions received by a shareholder from earnings and profits accumulated prior to a corporation acquiring Georgia S Corporation status must be reported as dividends.

PARTNERSHIPS

Resident and nonresident partners must pay Georgia income tax on their portion of the partnership's net Georgia income. See Form 700 instructions for exceptions.

NONRESIDENT WITHHOLDING ON DISTRIBUTIONS

Withholding is required on any distributions paid or credited by Partnerships, Limited Liability Companies and S Corporations. The withholding is reported on Form G-2A and should be entered on Line 19, Page 2, of Form 500.

COMMON MISTAKES THAT WILL DELAY YOUR REFUND

1. Filing a previous year's form for the current year.
2. Not entering your spouse's name and/or social security number if you are filing a joint return.
3. Not completing the name, social security number, address, residency code, and filing status. Be sure to enter only one residency code and filing status.
4. Line 6: Not listing dependents.
5. Line 7: Omitting or listing an incorrect number of exemptions.
6. Line 8: Entering Federal taxable income instead of Federal adjusted gross income.
7. Lines 11 and 12: Entering an amount for both standard and itemized deductions.
8. Line 15: Not entering an amount. Part-year residents and nonresidents should also enter an amount.
9. Line 19: Entering social security tax withheld, other state tax withheld, Federal income tax withheld, or estimates instead of Georgia tax withheld.
10. Line 20: Entering tax withheld instead of estimated tax.
11. Lines 24 and 25: Not entering either the balance due (Line 24) or the overpayment amount (Line 25).
12. Lines 27, 28, and 29: Entering information on these lines when a contribution is not being made.
13. Lines 31 and 32: Not entering either the balance due (Line 31) or the refund (Line 32).
14. Not rechecking your calculations including the tax rate.
15. Placing zeros on lines that are not being used.
16. Not enclosing all of your W-2's.
17. Not enclosing copies of other states' tax returns if you claim another state tax credit. Not enclosing a copy of your 1040, 1040A, or Schedule A, if applicable.
18. Mailing your Georgia return to the Internal Revenue Service.
19. Attaching a check to a refund return.
20. **Mailing your return in the incorrect envelope and/or to an incorrect address.**

NONRESIDENT COMPOSITE FILING

As an alternative to withholding, an entity may file a composite return for its nonresident members. This form is available upon request. (See Page 12 for ordering forms.) To receive forms to register for withholding, call (404) 417-4490 or 1-877-602-8477.

NONRESIDENT WITHHOLDING ON THE SALE OF REAL PROPERTY

Withholding is required on the sale of Georgia real property by a nonresident. The withholding is reported on Form G-2RP and should be entered on Line 19, Page 2, of Form 500.

EXTENSION OF TIME FOR FILING RETURN

There are two ways to obtain an extension for filing your Georgia income tax return: 1) Georgia will accept a copy of the Federal extension attached to the Georgia return when filed; or 2) submit Georgia Form IT-303. You must mail Form IT-303 prior to the return due date and attach a copy to the return when filed. You should also keep a copy of the form for your records. We will notify you only if your extension request is denied.

An extension to file extends the filing date of the return. It does not extend the date for paying the tax. The tax must be paid by the statutory due date to avoid late payment penalty and interest.

Taxpayers should use Form IT-560 if they expect to owe tax. This form is not an extension. It is used to pay an expected balance due by April 15th when the return itself will not be filed by the due date. The amount paid with the payment voucher is entered on Page 2, Line 20, of Georgia Form 500. The IT-560 is located on Page 13.

If any amount is still owed when the return is filed, add 1/2 of 1 percent late payment penalty and 1 percent interest for each month or fraction of a month from the statutory due date until it is paid.

USE TAX - INTERNET, MAIL ORDER AND OUT OF STATE PURCHASES

Georgia Use Tax is due on tangible personal property purchased through the Internet, mail order or an out-of-state company when Georgia Sales Tax is not collected by the Seller. The Use Tax rate is the same as the sales tax rate imposed in the Georgia county where the item is delivered. See Page 8 for the Use Tax Reporting Form.

NOTE: You cannot enter Use Tax on Form 500 or Form 500 EZ.

FORM 500 INSTRUCTIONS

USE BLACK INK.

COMPLETE YOUR FEDERAL RETURN BEFORE YOU BEGIN YOUR GEORGIA TAX RETURN. YOUR COMPLETED FEDERAL RETURN CONTAINS INFORMATION NECESSARY FOR COMPLETING YOUR GEORGIA RETURN.

TAXPAYERS WHO FILE ELECTRONICALLY WILL NOT RECEIVE A BOOKLET NEXT YEAR. IF YOU ARE USING A SOFTWARE PROGRAM OR IF YOU DO NOT WANT A BOOKLET NEXT YEAR, PLEASE MARK AN "X" IN THE BOX IN THE UPPER RIGHT-HAND CORNER. NOTE: COMPUTER SOFTWARE WILL MARK THIS BOX BY DEFAULT. YOU MUST CLICK THE BOX IF YOU WANT TO RECEIVE A BOOKLET NEXT YEAR.

STEP 1 Name, address and social security number

Effective tax year 2001, social security number(s) were omitted from the mailing label. They were omitted to address privacy concerns. Remove the mailing label from the back of this booklet. If the information is correct, attach it to this block but also enter your social security number(s) on the form. **If the information is incorrect or you do not have a label, print or type your name(s), address (including apartment number) and social security number(s) in the space provided. Do not write both a street address and post office box in the address field.**

STEP 2 Residency, filing status and exemptions

LINE 4 If you were a resident of Georgia the entire year, regardless of temporary living arrangements, enter 1 in the residency code box. If you were not a Georgia resident the entire year, enter 2 in the residency code box and enter the dates. If you did not live in Georgia or one spouse was a resident and the other was a nonresident, enter 3 in the residency code box. Part-year residents and nonresidents must compute their Georgia taxable income using Schedule 3, Page 4, of Form 500.

LINE 5 You must use the same filing status you used on your Federal return. Enter the letter for your status in the filing status box. If you filed as unmarried head of household or qualifying widow(er) with a dependent child on your Federal return, write D in the filing status box.

LINE 6 List your dependents in the space provided on Form 500. Enclose a schedule if you have more than four dependents.

LINE 7 Enter the number of exemptions from Federal Form 1040 or 1040A. **Exception: If you are claimed by a parent or guardian on their Federal return, you should claim one exemption on your Georgia return.**

STEP 3 Income

LINE 8 Enter the Federal adjusted gross income from your Federal Form 1040, 1040A or 1040EZ. **Do not use Federal taxable income.** If the amount is negative, fill in the circle to the right of the line number.

LINE 9 Enter the total adjustments from Schedule 1. Some types of income are taxable by the Federal government but not taxable by Georgia and vice versa. If you have income that falls in this category, you must adjust your Federal adjusted gross income to determine your Georgia adjusted gross income. You must document your adjustments on Page 3, Schedule 1, of Form 500. If the amount is negative, fill in the circle to the right of the line number. **Income earned in another state as a Georgia resident is taxable for Georgia purposes. Credit for taxes paid to other states may apply. See Line 17 instructions on Page 7.**

ADJUSTMENTS THAT MAY BE ADDED ARE:

1. Interest received from non-Georgia municipal bonds and dividends received from mutual funds that derived income from non-Georgia municipal bonds.
2. Loss carryovers from years when you were not subject to Georgia income tax.
3. Lump sum distributions from employee benefit plans reported on IRS Form 4972.
4. Depreciation because of differences in Georgia and Federal law in tax years 1981 through 1986.
5. 2002 JCWA Act adjustments including adjustments due to the 30% bonus depreciation in the first year for certain types of property, the \$250 deduction for educators, etc. See Page 8 for more information.

ADJUSTMENTS THAT MAY BE SUBTRACTED ARE:

1. Georgia taxes all pensions of all residents. However, Georgia law provides a retirement income exclusion of up to \$14,500 per taxpayer provided one of two conditions is met:

(A) The taxpayer is 62 years of age or older, or

(B) The taxpayer is totally and permanently disabled and cannot work at all.

Under either condition, taxpayers must qualify on a separate basis. One spouse may not use income attributable to the other spouse to calculate his/her retirement income exclusion. The \$14,500 exclusion is not automatic and must be documented on Page 3, Schedule 1, of Form 500. If property is jointly owned, income derived is allocated to each taxpayer at 50 percent of the total. Of the \$14,500 maximum exclusion per taxpayer, up to \$4,000 per taxpayer may be earned income. Part-year or nonresidents must prorate the exclusion. **You must enter the date of birth and/or the type and date of disability on Page 3, Schedule 1, of Form 500 or the exclusion will not be allowed. Use the worksheet on Page 14 to compute the exclusion.**

2. Interest and dividends on U.S. Government bonds and other U.S. obligations. NOTE: Interest received from the Federal National Mortgage Association (FNMA), Government National Mortgage Association (GNMA), Federal Home Loan Mortgage Corporation (FHLMC), and interest derived from repurchase agreements are not considered to be obligations of the United States and are taxable.

3. Social Security or Railroad Retirement paid by the Railroad Retirement Board that is included in Federal adjusted gross income.

4. Salaries and wages reduced from Federal taxable income because of the Federal jobs tax credit.

5. Individual Retirement Account withdrawals where tax has been paid to Georgia because of the difference between Georgia and Federal law for tax years 1981 through 1986.

6. Keogh, SEP and SUB-S plan withdrawals where tax has been paid to Georgia because of the difference between Georgia and Federal law for tax years 1981 through 1986.

7. Depreciation because of differences in Georgia and Federal law in tax years 1981 through 1986.

8. Georgia resident shareholders of Subchapter S corporations may make an adjustment to Federal adjusted gross income for Subchapter S income where the Subchapter S election is not recognized by Georgia or another state. The adjustment is allowed in order to avoid double taxation on this type of income. Therefore, this adjustment will be allowed only if tax was actually paid by the corporation to another state(s). In cases where the Subchapter S election is recognized by the other state(s), the income should not be subtracted. Credit for taxes paid to other state(s) may apply. Refer to Line 17 instructions on Page 7.

9. Dependents' unearned income included in parents' Federal adjusted gross income.

10. Income tax refunds from states other than Georgia included in Federal adjusted gross income. Do not subtract Georgia income tax refunds included in Federal adjusted gross income.

11. Income from any fund, program or system which is exempted by Federal law or treaty.

12. Teacher's Retirement. The purpose of this adjustment is to allow a teacher retired from the Teachers Retirement System of Georgia to subtract contributions previously taxed by the State of Georgia. These are contributions paid between July 1, 1987, and December 31, 1989, provided the contributions were reported and taxes paid thereon.

13. Employer FICA tax credit claimed on the Federal return. This applies only to food and beverage establishments that took a credit instead of a deduction on their Federal return for employer FICA tax paid on employee cash tips.

14. For a self-employed person, the 30% of the self-employed health insurance (SEHI) that is not allowed as a deduction on the Federal return. This deduction is reduced if the taxpayer claims the SEHI as an itemized deduction. The ratio of the medical expenses after the 7.5% limitation to the

FORM 500 INSTRUCTIONS (continued)

medical expenses before the 7.5% limitation must be applied to 30% of the SEHI to compute the reduction. The 30% SEHI deduction does not change if the taxpayer is subject to the Federal earned income limitation.

15. An individual, corporation or partnership which is a party to state contracts may subtract from Federal taxable income 10% of qualified payments to minority subcontractors or \$100,000, whichever is less, per taxable year. A list of certified minority subcontractors is maintained by the Commissioner of the Department of Administrative Services for the Revenue Department and general public. (To register as a minority subcontractor or to view the list, call 404-656-6315 or visit www3.state.ga.us/departments/doas/pu/pummnr.html.)

16. Deductible portion of contributions to the Georgia Higher Education Savings Plan. (See Page 2 for more information.)

17. 2002 JCWA Act adjustments including adjustments due to the 30% bonus depreciation in the first year for certain types of property, differences in the gain on the sale of property due to the 30% bonus depreciation being taken, etc. (See Page 8 for more information.)

LINE 10 Georgia adjusted gross income (Net total of Line 8 and Line 9). If the amount is negative, fill in the circle to the right of the line number.

STEP 4 Deductions

LINE 11a, b & c If you use the standard deduction on your Federal return, you must use the standard deduction on your Georgia return. Standard deductions are listed below. Do not use the standard deduction amount that is claimed on your Federal return.

Single/Head of Household \$2,300

Married Filing Joint \$3,000

Married Filing Separate \$1,500

Additional: Line 11b \$1,300

(The additional deduction applies if you are age 65 or older, or blind. It applies only if the standard deduction is used. The additional deduction can apply to you and/or your spouse. Enter your standard deduction on Line 11c.)

NOTE: Do not write on Line 12 if you use the standard deduction.

LINE 12 If you use itemized deductions on your Federal return, you must use itemized deductions on your Georgia return. If your filing status is married filing separate and your spouse itemizes, you must also itemize. Enclose a copy of Federal Schedule A with your Georgia income tax return. Adjustments must be made for income taxes other than Georgia and investment interest expense which is for the production of income exempt from Georgia income tax. When Federal itemized deductions are reduced because of high income, the reduced amount is used as the starting point in computing Georgia itemized deductions.

NOTE: Do not write on Lines 11a through 11c if you use itemized deductions.

LINE 13 Subtract either Line 11c or Line 12 from Line 10. If the amount is negative, fill in the circle to the right of the line number.

LINE 14 Multiply the number in the block on Line 7 by \$2,700.

LINE 15 Subtract Line 14 from Line 13. If the amount is negative, enter zero. **THIS IS YOUR GEORGIA TAXABLE INCOME.**

STEP 5 Tax Computation

LINE 16 Use your **GEORGIA TAXABLE INCOME** and the tax table on Pages 15 and 16 to determine your tax liability. Make sure you determine your tax according to your filing status.

LINE 17 Use this line if you are taking credit for income taxes paid to states other than Georgia or claiming other available credits. Complete Schedule 2 on Page 3, Form 500. No credit for taxes paid to other state(s) will be allowed unless a copy of the other state(s)' income tax return is enclosed. Use the worksheet on Page 10 for the computation of other state(s) tax credit for full-year and part-year residents. If you paid tax to more than one state, use the total of other states' income to compute the credit. No credit is allowed for income earned in another state that was not taxed by the other state. Your credit may be less than the tax paid to the other state(s). For more information on tax credits, see Pages 20 through 21 and Form IND-CR.

LINE 18 Subtract Line 17 from Line 16. If zero or less, enter zero.

LINE 19 Enter the total Georgia tax shown on withholding statements. These statements must be enclosed with your return or your withholding tax will be disallowed.

LINE 20 Enter your total estimated payments. Be sure to include the amount credited from your previous year's tax return and any prepayments made with Form IT-560.

LINE 21 You may be eligible for a low income credit if your Federal adjusted gross income is less than \$20,000. Use the worksheet on Page 10 to compute the credit. All claims for this credit must be filed on or before the end of the twelfth month following the close of the tax year for which the credit may be claimed.

LINE 22 DO NOT WRITE ON THIS LINE. This line is for Department use only.

LINE 23 Add Lines 19, 20 and 21c.

LINE 24 If the tax on Line 18 is greater than the credits on Line 23, subtract Line 23 from Line 18 and enter the **BALANCE DUE**.

LINE 25 If the credits on Line 23 are greater than the tax on Line 18, subtract Line 18 from Line 23 and enter the **OVERPAYMENT**.

LINE 26 Enter the amount you want credited to 2003 individual estimated income tax.

LINE 27, 28 and 29 Refer to Page 3 for details and enter the amount of your contribution. Contributions of less than \$1 cannot be processed.

LINE 30 Enter the estimated penalty from Form 500 UET.

LINE 31 Add Lines 24, 27, 28, 29 and 30, and enter the total balance due. Make your check payable to the **GEORGIA INCOME TAX DIVISION**.

INSTALLMENT PAYMENTS If you are unable to pay the full amount of tax due as shown on your individual income tax return, you may request monthly installment payments. To apply for an installment payment agreement, complete and file your return by the due date. Place Form GA-9465 (see Page 22) on top of your return and submit it along with your return. Or, submit a written request for an installment payment agreement to the Installment Program Section, P.O. Box 740396, Atlanta, GA 30374-0396. You may also call the Installment Program Section at (404) 657-0295 to request an installment payment agreement after you receive a bill. To minimize interest and penalty charges, you are encouraged to pay as much of the tax as possible when filing your return by April 15, 2003. Be sure to write the tax year and your social security number on the check or money order. Note: Interest and late payment penalties will apply to any amount not paid by the due date of the return, even if your request to make installment payments is approved. Before requesting an installment payment agreement, you should consider less costly alternatives.

LINE 32 Subtract Lines 26, 27, 28, 29 and 30 from Line 25, if applicable, and enter the amount to be **REFUNDED TO YOU**.

SIGN HERE You are required to sign your return in the space provided at the bottom of Page 2, Form 500. If filing a joint return, both you and your spouse are required to sign. See Page 2 for signature requirements concerning deceased taxpayers. Tax preparers who completed your return are required to sign in the space provided and print their identification number beside their signature. You may give your preparer the authority to discuss your return with the Department by checking the box provided.

FEDERAL RETURN

If the amount on Line 8 is \$40,000 or more, or your adjusted gross income is less than the total of your W-2 earnings, you are required to enclose a copy of your Federal Form 1040 or 1040A, Pages 1 and 2. Regardless of income, if you use itemized deductions, you must enclose a copy of Federal Schedule A. Do not enclose other Federal schedules.

Adjustments required by the Job Creation and Worker Assistance Act of 2002

The Job Creation and Worker Assistance Act of 2002 (JCWAA Act) became Federal law on March 9, 2002. The 2002 Georgia Legislature did not adopt this law for Georgia purposes. Accordingly, adjustments must be made to the Georgia return for any of the items included in this act.

The first major item that was changed is the net operating loss carryback period. Georgia will continue to use the two-year carryback (with special rules for farmers and casualty losses) as provided under the old Federal law.

The second major change was the \$250 deduction for educators who bought classroom materials. If this is deducted on the Federal return, it should be added to Georgia income by placing it on Form 500, Page 3, Schedule 1, Line 3.

The third major change was the 30% bonus depreciation that is allowed in the first year for certain types of property. The 30% bonus depreciation should be handled as follows:

A. The JCWAA Act allows a 30% bonus depreciation in the first year for certain types of property. Accordingly, depreciation must be computed one way for Federal purposes and another way for Georgia purposes. To compute depreciation for Federal purposes, the taxpayer should use the 2002 IRS Form 4562 and/or Form 2106. The form should be attached to the Georgia return. The depreciation amount should be entered on Form 500, Page 3, Schedule 1, Line 3. Please write the words "2002 JCWAA Act Depreciation Adjustment."

B. Depreciation must also be computed for Georgia purposes. The taxpayer should use the Georgia Form 4562 (see note below) and/or the Georgia Form 2106 (see note below) to compute depreciation for Georgia purposes.

The form should be attached to the Georgia return. The depreciation amount should be entered on Form 500, Page 3, Schedule 1, Line 9. Please write the words "2002 JCWAA Act Depreciation Adjustment."

Note: Georgia Form 4562 and Form 2106 are the first versions of the 2001 Federal forms. These do not include the 30% bonus depreciation. The top of each form should be labeled "Georgia Form 4562" or "Georgia Form 2106". These forms and related instructions can be obtained from our website at www.gatax.org or from any Revenue Office.

Depreciation differences may also be reported to you by a partnership, S Corporation, limited liability company, or limited liability partnership that you own. Positive adjustments from these should be entered on Form 500, Page 3, Schedule 1, Line 3. Negative adjustments from these should be entered on Form 500, Page 3, Schedule 1, Line 9.

Additionally, the provisions listed above may have an indirect affect on the calculation of Georgia taxable income.

1. When property is sold, for which the 30% bonus depreciation was claimed, there will be a difference in the gain on the sale of the property.
2. The depreciation adjustment may be different if the taxpayer is subject to the passive loss rules and is not able to claim the additional depreciation on the Federal return.
3. Other Federal items that are computed based on Adjusted Gross Income will have to be recomputed if the provisions of the JCWAA Act are claimed. Some examples are itemized deductions, student loan interest deduction, self employed health insurance deduction, etc.

Positive adjustments due to these items should be entered on Form 500, Page 3, Schedule 1, Line 3. Negative adjustments due to these items should be entered on Form 500, Page 3, Schedule 1, Line 9.

The extension is for filing the return only and does not extend the time for paying the tax.

The amount paid with this form should be claimed on the completed return as estimated tax. Form 500 filers should enter the amount on Line 20, Page 2. Form 501 filers should enter the amount on Line 11, Page 1.

Income or losses should be allocated to the person who owns the item. If any income or loss item is held jointly, the income or loss should be allocated to each taxpayer at fifty percent (50%).

Social Security and Railroad Retirement paid by the Railroad Retirement Board, exempted interest, or other income that is not taxable to Georgia should not be included in the calculation of the retirement income exclusion.

Part-year residents and nonresidents must prorate the retirement exclusion. Compute the retirement exclusion as if the taxpayer was a full-year resident, then prorate the exclusion. It is prorated using the ratio of Georgia source income before the retirement income exclusion (Form 500, Page 4, Line 8, Column C, computed without the retirement exclusion) to the Georgia adjusted gross income before the retirement income exclusion (Form 500, Page 4, Line 8, Column A, computed without the retirement exclusion).

PENALTIES AND INTEREST

- A. Penalty for late filing of return - 5% of the tax shown on the return for each month or fractional part thereof - up to 25%.
- B. Penalty for failure to pay tax shown on a return by the due date - 1/2 of 1% of the tax due for each month or fractional part thereof - up to 25%.

Note: The combined total of the penalty for late filing of return and penalty for failure to pay tax shown on a return cannot exceed 25% of the tax shown on a return.

- C. A penalty of \$500 may be assessed against an individual who files a frivolous return. A frivolous return is one that: (1) does not contain information needed to compute the correct tax or the information shown on the return reflects a substantially incorrect tax; and (2) the conduct described in item (1) was done to delay or impede the administration of Georgia Tax Laws or is based on a position which is frivolous.
- D. Penalty for negligent underpayment of the tax - 5% of the underpayment.
- E. Penalty for fraudulent underpayment - 50% of the underpayment.
- F. Penalty for failure to file estimated tax - 9% per annum for the period of underpayment. Form 500 UET is available upon request for computation of penalty on underestimated installments.
- G. Interest is computed at 12% per annum on any unpaid tax from the due date until paid. An extension of time for filing does not give relief from late payment penalty or interest.

PENALTIES AND INTEREST MAY BE AVOIDED BY COMPLETING YOUR RETURN ACCURATELY, FILING YOUR RETURN TIMELY, AND PAYING YOUR TAXES IN FULL WHEN DUE.
